

# GOLDING PRODUCTS

LEADING THE WAY IN PROFESSIONAL MEDIA FOR 30 YEARS

## USB PRODUCTS AND SERVICES

Golding Products is one of the leading suppliers of printed USB flash drives and associated packaging. We have years of experience to help you with any enquiry as we have been supplying printed USB products for over 10 years and we have been in the media supply industry for over 30 years.

We operate from our UK head office and unlike many other large USB printing companies, we carry out all production and print services in-house so we have full control over the quality and finish of the product. Plus as customers, you receive your products much quicker.

## USB PRINTING

### Digital Printing:

Digital printing is the ideal economical choice for larger runs. Durable and high quality, digital printing is the method all other print is compared to.

### Dome resin labels:

Dome resin labels are the perfect solution for when you want to brand your drives economically with a fast turnaround. Not only are they scratch proof, we can print them in full colour giving an excellent and professional look to your drives.

### Engraving:

Engraved USB flash drives tick two boxes – it looks prestigious and lasts forever. It won't be scratched off, rubbed off and won't fade. If this is what you need then engraving is the way to go.

### USB Duplication:

Need to pre-load your flash drives with information? With our in-house duplication service, we are in full control of quality and lead times. We can also offer data locking and copy protection services.

## USB PACKAGING

We also stock a wide range of USB packaging solutions which can be printed to your specification.

Please enquire for information on our full range of packaging items.

## CONTACT

For any further information on our products and services, or for any enquiries, please do not hesitate to contact a member of the sales team who will be happy to help.
